Report of Principal and School Improvement Council

This has been a great year for Indian Land Elementary School. As we broke away from being a K-8 school in to being a K-5 campus, we have opened the door to many new accomplishments and challenges. We continue to focus on providing a challenging curriculum for all learners by providing programs, activities, and training for staff members. Excelling in the midst of change and growth continues to be our overall goal for Indian Land Elementary School. We recognize the power of partnership and the use of resources to achieve our goals.

The school's primary focus continues to be to ensure all students demonstrate competency and proficiency in academic areas. This year our continued focus on the use of the Open Court Reading program included advanced training for classroom teachers and use of the workshop time as well as utilizing the classroom teacher-based interventions. Other trainings included math classroom visits, a new science curriculum, and continued focus on district level supported implementation of curriculum standards.

This year we implemented use of the Measures of Academic Progress (MAP) data through RIT group instruction. Students in grades 3-5 received support and advanced instruction in the areas of math and reading through the MAP/RIT groups. We continue to remain focused on the academic areas while continuing to provide students opportunities in the related arts areas. This year we were able to add additional time for physical education to meet the state PE requirements.

Parental and community involvement continue to play a crucial role in our school. Our PTA provided over \$50,000 towards the purchase of technology for our school. Members of the School Improvement Council provided support and advice on programs and activities through the year as we made the shift in to being a K-5 campus. We continue to enjoy the commitment from local business leaders who serve as mentors and tutors and provide financial support for programs and activities for our students.

While the landscape of the Indian Land community continues to change, we continue to dedicate our school to providing a strong academic program in which students thrive and become lifelong learners.

Lisa Hall, School Improvement Council Chairperson
